Summary

Full Stack Developer skilled in HTML, CSS, JavaScript, and React. Passionate about merging design and functionality to create seamless user interfaces. Committed to continuous learning, staying updated with the latest trends, and enhancing web experiences. Seeking collaborative opportunities to contribute innovative, user-centered solutions within dynamic teams.

Education

Degree	Institute	Board / University	CGPA/Percentage	Year
B.Tech	Galgotias University, Greater Noida	Galgotias University	8.5 (Till 5th Sem)	2021-2025
Senior Secondary	St. John's Academy	CBSE	69%	2021
Secondary School	KCI Rajapakar	CBSE	75%	2019

Experience

- **InternPe** April 2024 - May 2024
Web Development Remote
 - Build Projects based on Python

Projects

- **Inert Farming** Dec 2023 - Jan 2024
JavaScript — CSS — HTML GitHub
 - Create dynamic and interactive dashboards using JavaScript libraries to visualize real-time data from sensors and AI insights, such as crop health and soil moisture. Utilize charts, maps, and graphs to present this data clearly.
 - Design a responsive and accessible user interface with HTML and CSS, allowing users to input data, view real-time updates, and receive notifications. Ensure the interface is intuitive and adaptable for both desktop and mobile devices.
- **Photography Website** Feb 2024 - May 2024
JavaScript — CSS — HTML GitHub
 - Implement a visually appealing gallery using HTML, CSS, and JavaScript to showcase high-quality images. Incorporate features like lightboxes, image sliders, and filtering options to enhance the user experience and highlight different photography collections effectively.
 - Ensure the website is fully responsive and optimized for all devices, allowing users to view and interact with photos seamlessly on both desktop and mobile. Use CSS media queries and modern layout techniques to maintain a clean, professional design that complements the photography.

Technical Skills

- **Programming Languages:** Python, Java, HTML, CSS, JavaScript, React, Git, Github, Django
- **Tools and Frameworks:** Visual Studio
- **Operating Systems:** Windows

Key courses taken

- **Data Structures and Algorithms:** Complete Data Structures and Algorithm in Java by Apna College

Certifications

- **Achievement in Dark Pattern Buster Hackathon** IIT BHU, Banaras
- **Prequalifiers in Smart India Hackathon** Galgotias University
- **Destrix 4.0** Galgotias University

Achievements

- **Finalist in Dark Pattern Buster Hackathon** 2023
 - Championed a groundbreaking project as a Finalist in the Dark Pattern Buster Hackathon, developing a cutting-edge browser extension to identify and combat deceptive tactics on websites, enhancing user protection and fostering ethical online practices.
